Collaborating to Fast Track Answers

Our Mission:

- To communicate, engage and inform the ME/CFS community.
- To fundraise for neuro-immune disease research.
- To help drive & support scientific meetings for continued global collaboration.

A Word from our Executive Director:

We are especially grateful to our generous donors for enabling us to fund focused research for neuro-immune disease and Quick-to-Patient studies to reduce symptoms until there is a cure. We are in this together and will continue to work tirelessly.

Best,
Linda Tannenbaum
Executive Director
