

The Norwegian ME Association have the pleasure of inviting you to an evening with

Linda Tannenbaum and Katarina Lien

Linda Tannenbaum
CEO/President
Open Medicine Foundation

Linda Tannenbaum leads the Open Medicine Foundation. OMF's mission is to fund and initiate research into chronic complex diseases. The project *End ME/CFS* is designed to find biomarkers and effective treatments for ME. The talk will be held in English.

Open Medicine Foundation (OMF) is the leading research organization working to end ME/CFS and related chronic complex diseases. OMF's End ME/CFS Worldwide Tour is delivering HOPE to parents, patients, caregivers and friends. The presentation will include an update on OMF's revolutionary research and what OMF and others are doing to increase awareness, education and support. Following the presentation will be question and answers.

Exercise intolerance and possible metabolic disturbances in ME

Katarina Lien, MD PhD

Katarina Lien is focusing her research on «post exertional malaise» by using a two day exercise challenge. Do ME patients have a basic disturbance in their energy metabolism?

Monday, June 12, 2017, 5 pm

OUS Rikshospitalet, Store Auditorium

(Entrance from reception)
Sognsveien 20, 0372 Oslo

Tickets kr. 70 , available at: www.deltager.no

(Use search word: Norges ME-forening)

Lawyers from **Legalis**
