Linda Tannenbaum, CEO Open Medicine Foundation

Open Medicine Foundation:s

End ME/CFS Worldwide Tour is activating parents to gather and take action together.

OMF is building a network of supporters who have the strength and determination to End ME/CFS and related chronic complex diseases.

End ME/CFS Worldwide encourages participants to get involved to affect a change.

As part of OMF's **End ME/CFS Worldwide Tour**, Linda Tannenbaum, CEO/ President will be visiting cities around the globe to meet with parents, patients, caregivers, and friends to share latest news and an update on OMF's revolutionary research and what OMF and others are doing to increase awareness, education, and support. (in English)

No Isolation

"No Isolation was founded in Norway in October 2015 with a single purpose: to help people out of loneliness. Our first mission is to reduce involuntary social isolation amongst children suffering from long-term illness. We have created AV1, the world's first telepresence robot that allows kids to partake in their daily life – despite their illness."

<https://www.noisolation.com/en/about/>

Thousands of children and young adults are unable to partake in their daily life due to long-term illness. AV1 allows them to participate.

***The robot is coming to Sweden.
No Isolation shows how it works.***
