

“Hope is a little light in your heart that will give you courage today and strength tomorrow”

OMF's End ME/CFS Worldwide Tour – Accelerating Collaborative Research

Sunday, June 3rd
1:30 PM
NH Hotel
Jaarbeursplein 24
3521 AR Utrecht

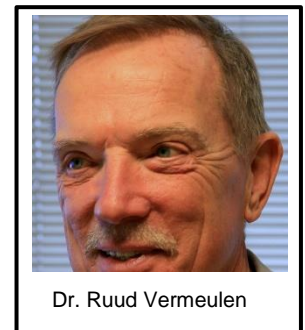

Open Medicine Foundation (OMF) is the leading research organization working to end ME/CFS and related chronic complex diseases. OMF's End ME/CFS Worldwide Tour is delivering hope to patients, parents, caregivers and friends.

Linda Tannenbaum

Linda Tannenbaum, OMF CEO/President, mother of a daughter with ME/CFS, will visit the Netherlands and will be giving a speech on Sunday, June 3rd in Utrecht. She wants to meet as many patients, parents and caregivers from the Netherlands and Belgium as possible and she will be delighted to answer questions. She will present an update on OMF's scientific research into ME/CFS and wants to spread hope!

Dr. Ruud Vermeulen of the CVS/ME Medical Centre in Amsterdam is our next guest speaker and will tell us about exercise intolerance.

Dr. Ruud Vermeulen

This meeting is free of charge and is organized by the ME/cvs Vereniging. For more information about the program, please visit: www.me-cvsvereniging.nl
